# FOX POOL PATTERNS

\* Please note that although we strive to accurately depict our vinyl pool patterns in terms of color and selvage edges, photos are not always exact and may be slightly distorted due to the printing process. It is highly recommended to see a hanger sample containing real swatches of these patterns before placing your order.

\*\* Please note, select patterns are not available for vinyl over steel steps. Visit [www.foxpool.com](http://www.foxpool.com) for current vinyl over steel step availability.

## WHY VINYL?

The many advantages and customization of vinyl liners make them a popular and ideal choice for inground pools. All Fox Liners are made with precision to meet the exact size specifications of your pool. We offer a variety of patterns and colors to help match the aesthetic of your surrounding landscape. Cleaning, swimming & lounging are comfortable and hassle-free as all Liners are smooth and easy to maintain, unlike the abrasive nature of concrete or tile. Each Liner has ultraviolet inhibitors and antibacterial agents to help ensure a long-lasting life, and is backed by a 25-year limited warranty. Fox Vinyl Liners are not only for new pools, but can be custom made to fit existing inground and above ground pools as well.
